

Py, Pi, Pie – Introduction into Python Programming and Raspberry Pi

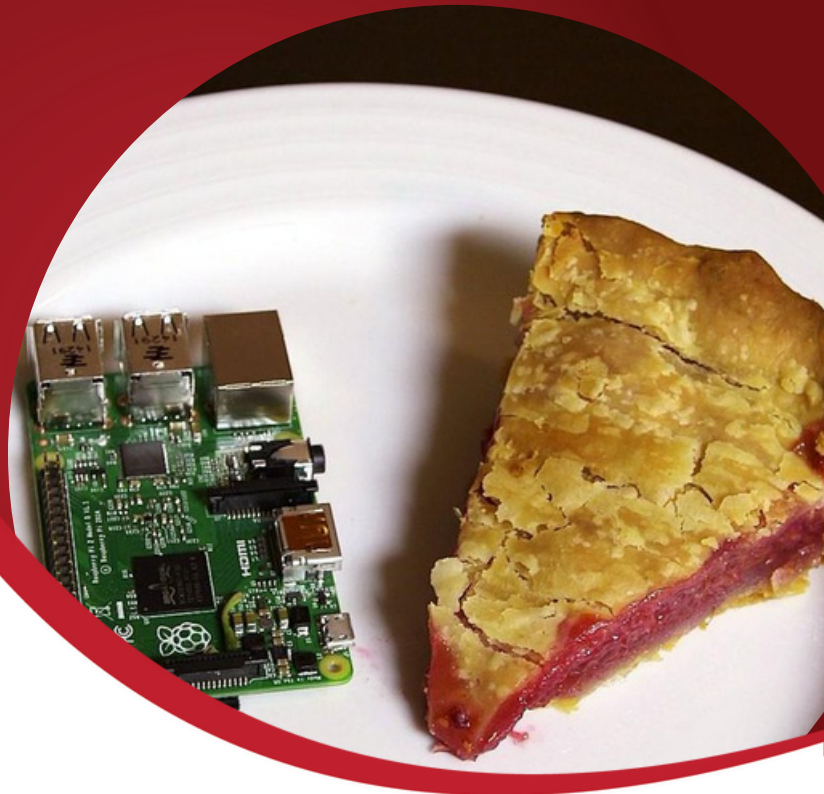

Join the HSU Foundation FieldWerx for this new 8-week course Py, Pi, Pie – Introduction into Python Programming and Raspberry Pi which introduces middle and high school participants to Python programming language and Raspberry Pi.

Course topics include learning how to create functions; reading and writing files and using exceptions; installing, creating and using modules; and using JSON to format and share data. The Raspberry Pi sections consist of: setting up your Raspberry Pi ; using your Raspberry Pi to complete projects like creating a cat meme generator; burping jelly baby and getting started with Minecraft Pi.

Course dates: March 2, 9, 16, & 30 April 6, 13, 20 & 27.

All participants must register here:
