

# Transmission Introduction Course

Please join the HSU Educational Foundation for our third Automotive Course - Transmission Introduction with lead instruction by Step One Automotive at the HSU Innovation Institute South. This course will be held 2 times per week for 2 hours each session. (Wednesdays 5 pm to 7 pm, and Saturdays 10 am to noon except on 2/16/22 where there will be no class).

The "Transmission Introduction" course will be 5 weeks long for a total of 18 hours and led by a Step One Automotive Senior Master Mechanic. Students of middle and high school level who have completed the Small Engines and Cam & Timing Courses will be invited to learn about transmission power flow management. Session topics include how fluid pressure creates clutch pressures and how each clutch then transfers power.

All participants must register here:
